Reception at Museum für Naturkunde Berlin

19:00 – 22:00

For a pleasant finish of the first conference day, the Museum für Naturkunde Berlin invites participants to continue discussions with food and drinks at the feet of dinosaurs. The idea of this evening is to create an informal space for networking around topics at dedicated tables in 3 half-hour networking sessions, such as CS & the Zika virus, the new Journal “Citizen Science: Theory and Practice” or how to engage with ECSA in Landsense or DITOs activities. Parts of the exhibition, including the T-Rex one “Tristan – Berlin bares Teeth”, will be open for a walk.

Celebrating the global Citizen Science Community

18:15 Transfer from Kulturbrauerei to MfN

19:15 Welcome by Prof. Johannes Vogel

19:20 News from CSA by Jennifer Lynn Shirk

19:25 Updates from ACSA by Libby Hepburn

19:45-20:15 Networking Tables Round 1
